

School District of Argyle

Co-Curricular Handbook 2023-2024

o

CO-CURRICULAR CODE

PREAMBLE

It is the conviction of the Argyle School District that participation in co-curricular activities will enhance the education of its students. Co-curricular activities are an extension of the classroom experience, and lead to further development in the areas of teamwork, skill building, leadership, and responsibility. The total education experience including encouragement, nurturing and discipline from the family of the student helps our students prepare to take their place in our larger community after graduation.

PARTICIPATION OF PRIVILEGE

Participation in co-curricular offerings is done on a completely volunteer basis. No student is obligated to take part in any offering be it athletic or non-athletic in nature.

Participation in co-curricular offerings is not a right, it is a privilege. Because co-curricular offerings are a privilege and those participating represent not only the student body but the school and district, it is imperative that students and parents conduct themselves in a manner supportive of the guidelines within the Co-Curricular Code and the Parental Sportsmanship Code.

DEFINITION

Co-curricular activities are the learning activities sponsored by the school that take place outside the regular curriculum. Because they are not part of the regular curriculum, they will usually take place after regular school hours under the supervision of properly qualified adults (coaches, advisors, staff, or district approved volunteers).

A list of the Co-curricular activities offered by the School District of Argyle include, but are not limited to: Football, Wrestling, Cross-Country, Golf and Track (cooperatives with Pecatonica); Hockey (cooperative with Monroe); Volleyball, Baseball, Softball, Basketball, Mentor Program, School Play, School Musical, Forensics, Student Council, FFA, Art Club, Spanish Club, Music Club, Tech. Ed. Club, Prom Court, Homecoming Court and National Honor Society, Class Officers, Responsibility Pass.

SCHEDULE CONFLICT RESOLUTION

Students are encouraged to participate in multiple co-curricular activities because of the potential for learning and development.

Because of this, it is quite possible that scheduling conflicts will occur for students who are involved in more than one activity. When this occurs, student participants, coaches and/or advisors will confer to resolve the conflict. The student's wishes should be considered when deciding which activity will have greater priority. If the coaches/advisors cannot agree, then the matter will be referred to the Athletic Director for resolution. In the event that the Athletic Director is an involved party, the matter will then be referred to the Principal for resolution.

DEFINITION OF A "GAME"

All co-curricular participants are governed by the Co-Curricular Code from September 1st of the current year through August 31st of the following year.

ACADEMIC ELIGIBILITY STANDARDS

In order to represent the School District of Argyle in any co-curricular activity, a student must meet all eligibility requirements of this code. The students' primary responsibilities are to maintain the highest academic standards possible. In order to participate in extracurricular activities, each student must not be failing any classes that he/she is enrolled in for more than one week or at the end of an academic quarter.

This code addresses expectations, standards, and consequences regarding the following:

All students earning a D or F are placed on the Academic Probation list. Those students with an F have one week ("One Week Notice") to earn a passing grade in that class or he/she becomes ineligible.

1. Eligibility is determined on a weekly basis per course. If a student becomes ineligible, he or she will have grades reviewed after 1 week to determine possible reinstatement of eligibility.
2. The Academic Probation list will be run every Monday morning at 7:45 AM **starting the third week of the quarter**. If a student is on the list for a D/F in any class, he/she will be notified that they have one week to get that grade up. The following Monday, another list will be printed. If a student who was on the "one-week notice" list the previous week is still earning an F in that class, the Athletic Director will notify the student athlete that he/she immediately becomes ineligible for all school events/games until the following Monday.
3. Students are expected to continue attending team practices, activities and meetings as requested by the coach/advisor.
4. If no failing grades are detected after one week of ineligibility, the student may resume participation. If the grade(s) are still below passing, the student will become ineligible for an additional week. Each week thereafter, the grades are evaluated until the student is passing.
5. If a student receives an "F" as their FINAL grade at the end of quarters 1, 2 or 3, the student will be ineligible for 15 consecutive school days, with the student returning on the 16th school day. At the end of the 15 day period their grades will be reassessed the following Monday to determine further eligibility/ineligibility.
6. If a student receives an "F" as their FINAL grade at the end of quarter 4 the student will be ineligible for 21 consecutive calendar days beginning with the earliest allowed practice in a

sport or one third of the maximum number of games/meets allowed in a sport. -See Appendix B for more information.

7. A grade of incomplete at the end of a quarter will be considered failing until it is made up and it becomes a passing grade.
8. Athletes are subject to all Wisconsin Interscholastic Athletic Association by-laws, policies and rules on a year round (12 month) basis.
9. Students who are ineligible due to grades will not be allowed to leave school early or travel with the team for athletics (i.e. spring sport early release) or co-curricular contests.
10. A student serving a code violation (game/event suspension) may not participate in a new sport with the intent to free themselves from their suspension without authorization from the Athletic Director.

MINOR OFFENSES

Minor Offenses are:

1. Tardies
 - a. Students who participate in co-curricular offerings will be afforded three total tardy passes per quarter to school. Any subsequent tardy passes given to a student will subject the student to consequences related to the Co-Curricular Code.

Category 3: This one applies to all students that participate in both Category 1 and Category 2 offerings.

- a. First Offense: Suspension will be determined by the AD or Administration to carry out disciplinary action for Category 1, Category 2, or both. The student may be reinstated early if they complete the assigned restitution.
- b. Second Offense: Disciplinary action will be the more significant of the two categories.
- c. Third Offense: Suspension will be upheld for ALL Activities/Sports through the end of that semester continuing through the next semester.

CODE VIOLATIONS - CO-CURRICULAR REVIEW BOARD AND DUE PROCESS

Reports of code violations shall be presented to the Athletic Director. Reports are not to be made to Board members, the Superintendent, or other members of the school staff. Reports shall document the nature, place, time, and date of the violation and must be signed by the person turning in the violation. The report shall be made on the Code Violation Report found at the end of this handbook and must be made within ten (10) school days of the alleged violation or evidence a violation has occurred.

Students who are suspended for a code violation must still practice and must attend all games/events/meetings unless the coach/advisor determines otherwise. However, if the season is over before the suspension is over, the penalty will follow into the next co-curricular offering the student participates in.

In case of code violations, the Athletic Director may suspend students in accordance with the Co-Curricular Code. Appeals to code violation suspensions must be submitted to the Athletic Director within 72 hours of the notification of the suspension in writing from both the student and the parent.

The Athletic Director will then convene the co-curricular review board composed of the School Counselor, two Faculty members, a high school coach, and a School Board Member. The Review Board must meet within seventy-two hours of the appeal. During the appeals process, students are eligible to practice, but not to compete or perform. The decision of the Review Board is final and binding.

NOTE: the consequences are neither delayed nor stopped while the appeal process is begun or continues.

APPENDIX A

The following will be considered the definition of a "game" for each specific athletic activity.

ATHLETIC ACTIVITY	"GAME" DEFINED AS*:	NOTES:

* The activity used to define "game" as noted in the table above must be an official WIAA event.

NOTE: scrimmages are not defined as a "game"

Fall Sports – Academic Ineligibility

A reminder: When the earliest allowed WIAA game/meet takes place before the first day of classes at a member school, “the maximum ineligibility period shall be the lesser of: a) 21 consecutive calendar days beginning with the date of the earliest allowed competition in a sport; or b) one third of the maximum number of games/meets allowed in a sport (rounded up if one-third results in a fraction).”

In those instances where a member school has begun fall classes on or before the date of the earliest allowed WIAA game/meet in a sport, ineligible students in these situations are subject to the standard rule applied when school is in session (15 scheduled school days and nights). In this situation, eligibility is regained **on the school day following the period of ineligibility (16th school day)**. Note 1: An interschool scrimmage does NOT count as a game or meet for purposes of this rule. Note 2: If a multi-school meet is counted on your schedule as one meet, it also counts as one meet as it applies to the number of meets an ineligible student must sit out. Note 3: Games/meets at different levels of competition (varsity, JV, freshmen) may NOT be combined to reach the number of meets an athlete must sit out.

When your school year begins after the earliest allowed game/meet you may use this chart to determine the period of ineligibility:
